Dear Garden Visitor,

Welcome to our Hampshire Gardens 'Slimline' 2021 booklet

Through the generosity of over 3500 garden owners across England and Wales who open their gardens to the public and our thousands of visitors who visit these gardens, the National Garden Scheme (NGS) was once again able to donate nearly £3m to national nursing, care and health charities in 2020. For many of them, the NGS donation is literally a lifeline and it makes a huge difference to those who benefit from the care they are able to give.

This booklet lists all the gardens in Hampshire that will open for the NGS in 2021 and I hope that you enjoy visiting them during the year (our booklet is 'slimline' this year for environmental reasons - we did not wish to produce thousands of large booklets if we were faced with having to suffer another turbulent garden-opening year like 2020) You can be assured of a warm welcome at all of our gardens and, at nearly all, that famous NGS cup of tea and slice of cake. Many of our visitors describe a visit to an NGS garden as 'Britain's Best Value Day Out'.

After the challenges of 2020 we are looking forward to opening our gardens more than ever and hoping for some return to normality. However, we have to prepare for possible disruption and restrictions which might be imposed at short notice. If this happens our website www.ngs.org.uk will always carry the most up-to-date information. It is always worth checking it in any case for any alterations, cancellations and any 'pop up' openings. Depending on the level of restrictions we may have to once again offer garden entry through pre-booked tickets – purchased via the website.

Every visitor to an NGS garden makes an essential contribution to someone's life, especially those who need care or support through chronic or life-threatening illnesses. Thank you once again for your support and I look forward to seeing you at an NGS garden in 2021.
