HANTS

Mr. E. King
23 West End Terrace
Winchester

July 8. 38

Dear Mr King

at the meeting of the Lighting Committee last evening it was decided to advise the Parish Council to accept the tender of the Gas Co at £3 per lamp to include gas, repairs, replacements in fact everything, at the same time we would like to know if it would include extra columns ^{for extra lamps} or would these have to be paid for by the Council.

2 members of the Committee would like to know if the mid southern would give a price for supplying districts, lamps to be placed on their poles. We could not accept their tender as price was too high & did not feel justified in agreeing to a 10 year contract.

It is assumed that the Gas Co tender is for 1 year.

Yours faithfully
H. J. Phair
